Everyone is invited.

Urgent Building Maintenance Need

One of our 7.5 ton Heating and Cooling units went down last week. The compressor on the downstairs fellowship area unit locked up and shorted out. As these things seem to go...it is just out of warranty. The cost of repairs is \$4,000.

(Gadson Ross, Board Member over Buildings & Grounds has received two estimates). As we shared recently, the overall church finances have been running very close. Thank you for being prayerful and supportive during these days. We currently do not have the money for this repair. **We are sharing this need with the church family. Please consider a special gift to meet this need. If you are able to give, please mark your envelope "Repair."**

Philippians 4:19 – Thank You!
